# Clue Worksheet:

*(Hide the meaning, not the clue)*

**The Clue (information):**

(What was discovered?)

**The Fiction (misinterpretation):**

(What, if anything, does it erroneously appear to mean?)

**The Truth (come to realize):**

(What does it really mean? How does it fit in?)

**The Gap (an honest mistake):**

(What about the clue leads one to the fiction and/or the truth?)

**The Breakthrough (ah ha!):**

(What development, additional clue, etc. solves the clue's meaning?)
